Case Description

Description The Casa Grande Elementary School District made a ministerial and clerical error when they filed their 471 application #1022813. When they entered the school entities, the filer used USAC’s search function to locate the entity number for the district’s Desert Willow Elementary School. The search returned a list of entity numbers for “Desert Willow Elementary School” in Arizona. The filer chose one of the entity numbers to use for the application, not realizing that she chose one that is actually a school within the Cave Creek Unified School District, #16036388. The applicant did not notice the address and listed the entity in good faith on the application using the data applicable to the Desert Willow Elementary School located in Casa Grande Elementary School District.

All of the entity information provided on the application such as enrollment, students eligible for free and reduced lunch and costs identified for the site are correct for Desert Willow Elementary School in Casa Grande. The application underwent USAC review, but the error was not noticed by either the reviewer or the applicant.

An entity number has now been correctly assigned for this site, #17008948 and is in the portal.

All funds associated with Desert Willow Elementary #16036388 for the 2015-16 Funding Year should be removed and assigned to Desert Willow Elementary #17008948.
